GAINESVILLE, FLORIDA, SUNDAY, NOVEMBER 14, 1909

TEN CENTS A WEEK

## REAT INTEREST IN THE ENDURANCE RACE

icipants Will Stop Over Night in Gainesville At End of First Day's Journey.

MPA, Nov. 13.—Drafts of maps have been made of the official route followed by the various automobilists which will take part in the Tampa via Jacksonville automobile endurance contest. They are in the hands of the engraver and in a few days will be ready for printer and then the book of rules, containing the map, etc., will be printed and sent to those who have entered or shown a desire to enter cars in the contest for The Times cup and prizes which the alert Tampa Automobile Club has offered for the cars which finish with the best scores in respective classes.

The work of getting out this book is no small job and it falls to the willing shoulders of President T. Ed. Bryan and Secretary B. E. Reed of the automobile club. It is not all they will have to do. The getting off of a big mail bag day between noon and the date of the race, the appointment of jurors, checkers-in, judges, etc., is a part of the big game being played in Florida for the first time. Secretary Reed has many inquiries every day—some in person, by mail—for there is widespread interest and enthusiasm over the endurance contest.

### Significance of the Maps.

The first map shows the entire route over which the contest will be run. Starting from The Times office the morning of the 23rd, the cars make the round trip, Tampa to Jacksonville, by the evening of the 27th. The full route will be in these towns: Plant City, Zephyrhills colony, Greer, Dade City, Trilby, Brooksville, Inverness, Dunnellon, Ocala, Micanopy, to Gainesville. The autoists will check off at the hotels and swap stories of hard luck or good results, as the case may be. On the second day the run will be to St. Augustine, taking in Starke, Highland, Jacksonville, to St. Augustine. The night will be spent in the Ancient City, and on the third day the honk machines will breeze through the East Coast counties, crossing the St. Johns and coming on back from the border counties to Kissimmee, taking in Ormond, Daytona, DeLand, Orange City, Enterprise, Osteen, Sanford, Orlando, to Kissimmee. The last leg of the trip will be from Kissimmee to Tampa, via Loughman, Haines City, Winter Haven, Bartow, Lakeland, Plant City, to Tampa, finishing the contest where it began—at The Times office.

### Four Days on the Road.

Four days will be spent on the route. It was at first intended to complete the run on the 26th, but it was later decided a better plan to make the distance for each day shorter, and four days were allotted—three nights to be spent as follows: At Gainesville, St. Augustine, Kissimmee.

### Details of the Route.

In the rule book which will contain the rules for the contest and the five maps, will also be other data, such as the outline of each day's run, which is to be further marked by the confetti car—the big E. M. F. "30" which laid out the route as official pathfinder.

The rule book will be a very complete affair. The rules will be a duplicate of those which governed the great Glidden tour, the Journal-Herald New York to Atlanta tour and every other contest to test out the stamina (if the word may be used as relating to automobiles and their ability to stand up to all kinds of going) of cars. They are the official rules of the American Automobile Association, the governing national body with which the Tampa Automobile Club is affiliated and of which it is an auxiliary.

### Ready for Entries.

Secretary Reed has entry blanks ready now and is sending them out.

## Sea Island Cotton Steady At 30c For Best Grades

SAVANNAH, Nov. 13.—The Sea Island cotton market was quiet during past week with actual factors considerably below the reported amount. Quotations are practically unchanged, and the market closed dull and steady, with holders firm for steady prices, and not much demand immediately in sight.

The census report of 54,358 bales shipped to November 1 is regarded as confirming estimates of 55,000 to 56,000 as the crop is known to have been picked and ginned more rapidly than usual, especially in Florida and some Eastern Georgia counties.

The following prices were based on factors' quotations and are revised weekly on Fridays:

## ROAD OFFICIALS TO KEEP OPEN HOUSE

ON ACCOUNT OF MEETING OF GOOD ROADS CONGRESS.

Practical Demonstration to Be Given of Value of Good Roads to Counties.

WASHINGTON, D. C., Nov. 13.—The office of Public Roads in this city will keep open house during the week of December 6-11th, thus enabling all who visit the city in connection with the Southern Commercial Congress and the National Rivers and Harbors Congress to come in contact with some of the most skilled road engineers in the country. Mr. Logan Waller Page, director of the office of Public Roads, has requested Mr. J. E. Pennypacker, Chief of Road Management, to give an illustrated lecture before the Southern Commercial Congress. In addition to the lecture the Exhibit Hall of Congress will contain enlarged photographs of bad roads and good from various Southern States; and photographs showing the before and after of some roads that have been improved. In addition there will be models of different types of road construction. There will be also several films of moving pictures shown during the lecture illustrating the process of road-making in motion and also illustrating the effect of automobiles on the road bed. The Southern Commercial Congress will print and distribute in Washington the latest information regarding road progress of the South, so as to encourage effort in every county of the South and also produce the conviction that road improvement pays the county that undertakes it. Over 2,500 invitations have been mailed to county commissioners throughout the South.

The first county in all the South to pay the way of an official to this practical good roads exposition is Woodward county, Oklahoma.

He is ready to furnish all necessary information. It is the desire of the automobile club and The Times that every section of the State enter one or more cars, and it is expected that every make in popular favor in Florida will be represented.

### A Fair Test of Merit.

As a test of the powers of endurance of a car under all conditions, there can be nothing fairer than a road endurance contest. Each car is entered in its class and is penalized according to the rules for any and for each repair found to be necessary during the contest—the cars incurring no penalties, or those incurring the fewest points of penalization being the winners in the respective classes.

### The Prizes.

The main prize will, of course, be The Times cup for touring cars. The other prizes are the Tribune Automobile Club trophy for runabouts and the Tampa Automobile Club trophy for miniature tonneau cars.

### The Interest is General.

From all parts of the State have come letters assuring the greatest interest. The successful carrying out of this endurance contest will be more than a mere prize-winning affair, more than a mere demonstration of the merits of any particular make or makes of cars—it is the greatest incentive for good roads that Florida has ever had. More than that, the establishment of official routes between Tampa and Jacksonville, embracing as this dual route does, a round trip which takes in the most interesting sections of Florida, will serve as an attraction to thousands of tourists to fetch their machines to Florida and go through the State and see sections of it that they would not otherwise ever see.

Secretary B. Marion Reed last night received a letter from a number of

## BAYONETS SWEEP THE STREETS OF CAIRO

Show of Armed Military Forces Stops Revelry of Rioting in the Illinois City.

CAIRO, Ill., Nov. 13.—With Arthur Alexander, the last of the persons arrested in connection with the murder of Miss Annie Pelley, safely out of town, and the Fourth regiment of the Illinois National Guard on the streets and about the jail last night, the mob spirit that kept Cairo ablaze with excitement for four days was quelled.

No crowds were allowed to gather at any place yesterday, and every known danger point was occupied by troops. Bayonets held sway where 24 hours before the rope, the torch and the pistol had been in evidence. Alexander, implicated in the murder of Miss Pelley by the dying statement of "Froggy" James, one of the victims of the mob, was sent to an unannounced point north of Cairo. He was escorted from the jail to a special train on the Illinois Central Railroad by seven companies of militia, two of which guarded the negro on the train during the trip.

There were jeers for the militia from the small crowd that watched the departure.

### Bayonets Sweep Streets.

Two sets of fours were in advance of the prisoner, who was handcuffed and flanked by deputy sheriffs, and two sets of fours followed. Three companies of bayonets cleared the street in advance of the escort and a like number followed that augmented at every cross street of the half mile march to the train.

The display of force was greater than the Carolines had anticipated, and while there were murmurs all along the line of march there was no effort to break the line.

Sheriff Davis, who made strenuous

and repeated efforts for two days to save James from the lynching, said that the disposition of Alexander had been left to State officers. He began investigation of the riots of Thursday night.

Coroner's verdicts yesterday were rendered on the two men lynched, and in each case the jury found that "he came to his death at the hands of persons unknown to us."

### Mayor Peacefully Slept.

Sheriff Davis, in an extended interview, told of recognizing several members of the mob that took James from his care Thursday night. No steps to bring those implicated in the uprising to trial have been made yet.

Mayor George Parsons said he was asleep and heard no shot or other sound to indicate that the city of which he is chief executive was in the grasp of a lawless horde.

While county officers privately declare that the evidence against "Froggy" James was purely circumstantial, they were inclined to lay stress on the evidences of his guilt. The only ground for holding Alexander was declared to be the dying confession of James.

In an effort to clear up the murder of Miss Pelley, the police searched the houses frequented by James and Alexander for the missing money, handbag and bracelet of the murdered girl. They found nothing.

Blame for the riot is generally ascribed to an inadequate police force and the fact that many men accused of felonies have been acquitted despite seemingly strong evidence against them.

citizens of Seabreeze asking that the official route be so changed as to take in that locality. They promise to make all necessary improvements on the roads throughout that section.

### Kills Large Snake.

Edward Kennard, mail carrier on Route No. 2, which runs south in the Rocky Point section, brought to Gainesville Saturday afternoon one of the largest moccasin snakes ever

seen here. The snake measured five and a half feet in length, while it was sixteen inches around the largest part of its body. It was of the "cooper head" variety and must have been an old timer, judging from its size. The reptile was killed at the foot of Coleclough's hill near the small pond.

## Deputy Sheriff Padgett Shoots a Negro Burglar

HIGHLAND, Nov. 13.—The stores of J. H. Carter and H. C. Wimberly were broken into yesterday morning about 2 o'clock and a quantity of jewelry, razors, smoking tobacco and cigarette papers were stolen. The postoffice is located in Mr. Wimberly's store, and every piece of mail matter was misplaced, the cash drawer rifled, but only a small amount of change was missing. So far as can be ascertained by Postmaster Wimberly no stamps were taken.

The robbers first broke into the railroad section car house and took a crowbar and bush cutter. With these tools they were enabled to prize open doors and windows of the stores.

Early yesterday morning Deputy Sheriff Padgett started on the trail of the robbers, and about 10 o'clock he arrived at Maxwell, a station about seven miles above here, where he discovered a negro sitting on the depot platform. He recognized the negro as the same one who loitered around

Hightland late Thursday afternoon and who attempted to secret himself in the waiting room here. At sight of the deputy he broke to run, and after repeated commands to halt and several shots being fired to frighten him, he was captured, not, however, until a shot from the deputy's pistol brought him to a stop. The ball entered the back just below the left kidney.

In the negro's possession was found the jewelry, razors, tobacco and a portion of the money, all of which he attempted to throw away. He even tore out one of his coat pockets in his anxiety to throw the goods away.

He gave his name as J. W. Williams, claiming Pensacola as his home, and that his mother, Mrs. Fields, lives at Quincy. The negro doubtless had a confederate, as the tracks around the stores plainly indicated.

Dr. G. W. Brown of Lawton dressed Williams' wound and found it necessary to have him sent to a hospital in Jacksonville for an X-ray examination and further treatment.

## METHODIST REVIVAL COMMENCES TODAY

NOTED EVANGELIST SECURED  
FOR THIS OCCASION.

Also Has Special Singer for the Meet-  
ing, Who Will Assist With  
Chair Work.

One of the most interesting revivals ever held in this city, and one in which about all of the congregations will participate to a certain extent, will be started at the First Methodist church this morning by Rev. F. R. Bridges.

He has secured one of the best speakers and preachers ever brought to this section of Florida, in the person of Rev. T. U. Christian, and as he makes a specialty of doing this class of work he will soon become a great favorite in this city.

Although this is his first visit here, he has visited in Florida before, and is fully alive to the great work that is being done for the cause of Christianity. He has a reputation of being a most ardent worker and a very successful man in all of his meetings, and it is certain that the one to be held here will prove of great good for the Christian people and the entire city of Gainesville.

Customary to the general principles of the great evangelists he has brought with him one of the best singers ever heard in this country, Mr. D. W. William, and for the next two weeks his excellent voice will be heard at the Methodist church in solo. This feature will prove most interesting and entertaining to the large congregations that will fill the church daily.

Other services at this church will be Sunday school 9:30 a. m.; Epworth League 3:30 p. m.; evening services 7 p. m.

### At Other Churches.

Advent Christian Church, Elder J. T. Johnson—Preaching today at 11 a. m. and 7:30 p. m. Other services same as usual.

First Presbyterian Church, Rev. T. P. Hay, Pastor—Morning service at 10:30 a. m.; subject, "The Vision of God." Sabbath school at 3 p. m.; lesson topic, "Paul in Rome." Evening service at 7:30 p. m. Reading of letters from Mr. H. W. McCutchan.

First Baptist Church, Rev. J. J. Cloar—Morning service 10:30 a. m. Evening service 7:30 p. m. Sunday school 9:30 a. m., and B. Y. P. U. at 6:45 p. m.

Holy Trinity Church—No announcement.

St. Patrick's Catholic Church, Rev. P. J. Lynch—Mass will be held at 10 o'clock a. m. Devotion of the Holy Rosary will be at 4 p. m.

### DEATH OF MR. J. W. BENNETT.

Funeral Was Held From Residence Saturday Afternoon.

Mr. J. W. Bennett died at his home on Friday evening at 10 o'clock, after a painful suffering for the past number of weeks. His first confinement was the result of an accident at the mill of the Eddins Company, but he had scarcely survived this when it was found that he was affected with a more serious and graver trouble, and it was this that caused his death.

As soon as the true situation of the disease was learned the patient was sent to the hospital, where an operation was performed, and while it was successful in every way it was seen that his constitution was not sufficiently strong to survive the strain, and he was removed to his home, where he passed away surrounded by his wife, sister, brother and a host of friends.

He had been a resident of this city for a great many years, coming here from the LaCrosse section, and for a long while was one of the policemen of the city, which position he filled with credit to himself and the city until a few years since, when he engaged in carpenter work.

The funeral services were held from the residence on Saturday afternoon at 3 o'clock and the remains laid to rest in Evergreen cemetery, the services being conducted by Rev. F. R. Bridges of the Methodist church.

### BAIRD'S The Store of Quality

#### The G. W. Hyde Co.

Are glad to announce that they have secured the services of Madam W. L. Burnett of Atlanta, Ga., to take charge of their fitting and altering department.

Madam Burnett has for the past twelve years been connected with the leading stores of Atlanta and more recently had charge of the grand altering department of the James P. Allen Co. of Atlanta, and to her superior direction of the tailoring part of the work they owe much of their success. Madam Burnett was ordered South by her physician on account of over work, and we are fortunate enough to secure her for the Hyde Co. Mrs. Burnett will be glad to give any suggestions and assistance to the ladies of Gainesville, and the patrons of the G. W. Hyde Company in general. She requests that you do not hesitate to ask for her at any time.

We hope to induce Mrs. Burnett to install a grand dressmaking department on the second floor of the Big Daylight Store, and we hope to succeed.

During the recent horse show in Atlanta Mrs. Burnett had charge of or remodeled hundreds of the very elegant costumes that were worn there and commented on by all the papers of this country as being one of the grandest dressed audiences ever seen in the United States. The Hyde Company invite you to get the benefit of Mrs. Bennett's services. Alterations are free.

#### What Would You Do?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without a scar. For sale by all druggists.

#### Odd Fellow Notice.

The Grand Master of Odd Fellows of Florida, Rev. Geo. T. Self, will make Center Lodge No. 11 an official visit Monday night. Each and every member is expected and requested to be present. By order of

### HIGH SPRINGS NEWS.

J. L. Grimes Nominated for Mayor at Recent Primary.

HIGH SPRINGS, Nov. 13.—Our town has been pretty lively for the past two weeks, as a result of which the primary election for town officers was pulled off last evening. Those nominated are: J. L. Grimes, mayor; J. O. McGriff, marshal; H. C. Cato, clerk and treasurer; C. C. Harwell, tax collector; Messrs. Jordan, Higdon and Alward, aldermen. Of course there are the usual number of defeated candidates, who have the sympathy of those who voted for them.

There was a delightful program rendered by the school Friday afternoon, one of the most interesting numbers being the debate:

"Resolved, That it is more beneficial to the United States to educate the boys than the girls."

The judges decided in favor of the negative.

Miss Pearl Futch accompanied her friend, Miss Ida Price, to her home to spend Saturday and Sunday.

Mrs. W. H. Stringfellow of Ocala is in the city visiting friends.

We are glad to welcome to our town Mr. and Mrs. Robert Quimlin of Charleston, S. C. They are pleasantly located at Mrs. R. J. Futch's, where they will do light housekeeping.

The Odd Fellows are looking forward to the visit of the grand master on the 19th inst., and are preparing a nice entertainment in honor of his coming.

Capt. T. H. Willard has been in Gainesville the past week as foreman of the grand jury, and his many friends are glad to have him back again.

There was an oyster roast at the home of Mrs. Ellen Rimes last evening, which was enjoyed by a merry crowd.

Mr. Getis Wyles has gone to Palatka to visit relatives and friends for the next few days.

Mrs. Will Harris is expected home Sunday from a visit to friends in Live Oak.

#### A PERTINENT INQUIRY.

#### Wants to Know Why Electric Light Plant Is Not Erected.

Editor Sun: In October, 1905, the citizens of Gainesville voted to bond the city for one hundred and fifteen thousand dollars. Fifty thousand of that amount was for the express purpose of buying, or building and operating an electric light plant by the City of Gainesville. The question is asked by many of our people, time after time, day after day, "What has become of the bonds, and why has the city no electric light plant?" Now,

Mr. Editor, we fail to see any good reason why the powers that be cannot sell the bonds and give us a plant. It may be possible that in this advanced age of automobiles, wireless telegraphy and flying machines that some of the wise ones of our officials are searching for some unknown power other than electricity for lighting purposes, and if such is the case we hope they will be successful, but time is passing and three years is long enough for experimenting. Nine-tenths of our population want the city to own an electric plant; 8,000 people are living within the limits of our town, and we fail to see the object of an election if their wishes are not carried out as expressed at the polls.

#### A Broken Back.

That pain in your back caused by lumbago, stiff, muscles or a strain, is an easy thing to get rid of. Ballard's Snow Liniment cures rheumatism, lumbago, sore and stiff muscles, strains, sprains, cuts, burns, bruises, scalds and all aches and pains. You need a bottle in your house. Sold by W. M. Johnson.

#### Improving His Home.

G. S. Merchant is having his home on East Liberty street greatly improved by the application of paint. When the same has been finished it will present a very neat appearance and add much to this section of lovely homes.

### DOING THEIR DUTY

Scores of Gainesville Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow;

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Gainesville people endorse our claim.

Mrs. V. E. Spence, 201 W. Arlington street, Gainesville, Fla., says: "It would be hard to describe how I suffered from a weak and aching back. At times the pains were so intense that I could not get up or down. I was also troubled by rheumatism and different parts of my body became stiff and lame. A friend finally advised me to try Doan's Kidney Pills and procuring a box, I began their use. I am glad to say that they lived up to representations, removing the pains and disposing of the rheumatism. I can honestly say that Doan's Kidney Pills did me more good than any medicine I had previously taken."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MOVEMENT NOTED  
IN RAILROAD TRACKINSPECTING ENGINEER DAMON  
REPORTS TO COMMISSIONERS.Improvement in Roadbed of A.  
C. L. and S. A. L. Rail-  
road Tracks.

As P. Damon, the inspecting engineer for the Railroad Commission, has made his report to the commission in regard to recent visits through this section over the two railroads.

From Gainesville to Cedar Key he states that an improvement has been made since his last track inspection; Bronson to Cedar Key the track shows an improvement in surface treatment and in the tie renewals have been made; on some parts the road not showing good surface treatment, the cause is due mainly to condition of the rails.

Reference to the A. C. L. shows that the road is maintained in good condition. From Gainesville to Hague the track shows improvement since last inspection. Hague to Burnett's Lake about 10 miles of track is laid with 70-lb rail, but the condition of this is not as good. From Burnett's to Jacksonville the track is with 55-pound rail and maintained in good condition.

The Tampa &amp; Jacksonville report is favorable, in that it states no improvement has been made from Gainesville to Fairfield. No renewals have been made, and until this time it is impossible to put the road in good condition. In his last report he states the condition and the rail being used and says that rail would be compelled to run at very low rate of speed to stay on the track.

## STORE WAS ENTERED.

August Wenske of East Gainesville Sustains Small Loss.

August Wenske, who operates a small grocery store on East Alachua avenue, states that during the early part of Friday night some sneak thief entered his place and took all of the cash from the drawer, amounting to about \$5 in small change.

He had closed his door to attend to some duties about the home, and while absent for this purpose the thief entered the place and succeeded in getting the money, but when he attempted to take hold of a sack of flour in some manner he made a noise and this attracted the attention of Mrs. Wenske, who rushed out of her residence in time to get a good look at the party, whom she determined was a negro.

Some of the residences in that section have been entered within the past few days and it would be well for the housekeepers to take notice that sneak thieves are working that part of the city.

## A Hair Breath Escape.

**GOOD NEWS FOR FLORIDA.**

In a recent issue of The Reporter-Star of Orlando, Fla., the editor, in speaking of the lecture on "Tuberculosis" that was delivered at the Seventh-day Adventist State camp-meeting by Dr. M. M. Martinson, medical superintendent of the Florida Sanitarium, local reference to which was made in the same issue, said:

"At the conclusion of the lecture last night at the camp grounds, by Dr. M. M. Martinson, Elder R. W. Parmelee, president of the Florida Sanitarium Benevolent Association, stated that the Florida Sanitarium is owned by the above mentioned association, which is an organization not for profit, as not one penny of the dividends arising from its operation goes to any private individual. The whole net earnings are to be employed in giving public instruction on health and hygiene, and the lecture last night was only one of many that will be given throughout the State of Florida upon this and similar important themes. These humble workers, not only for the cause of Christ but for humanity at large, deserve great credit for the work already accomplished, and should be encouraged in every way by all those who have the welfare of their neighbors at heart."

This is certainly a very commendable movement on the part of the Florida Sanitarium, and great good is expected to come to the people of the State as a result. The Seventh-day Adventists have eighty large sanatoriums in operation the world over, all of which are doing a similar business.

The Paco County Progress, published at Dade City, is a welcome exchange to The Sun office. The fact that Capt. John B. **CONCERNING GOSSIP.**

It was a doctrine of Lambroso's that women are constitutionally addicted to lying. Lambroso was a man. We have known many estimable women who professed to believe that men are constitutionally addicted to lying.

Without asserting that either sex has the better of the other, it may be said that vicious or careless lying about other people and their affairs is a more shocking trait in woman than in man. She looks to be purer, her voice is a more spiritual music and her countenance is more suggestive of kindness and the virtues of charity. A fierce expression may not mar the beauty of a man; with such an expression, no woman could be called beautiful. Evil issuing from dainty lips, like coarseness or profanity, seems the more repulsive because of its contrast to her facial lines and the tones of her voice. Who do the more gossiping, men or women, is a question oft-debated, but the fact is that women have an immunity from punishment or the fear of it that men do not. A writer in The Philadelphia Bulletin—a woman, evidently—says:

"I have a rooted distaste for small towns—the great amount of gossip and malice for which the feminine element is responsible. It does not seem as if life anywhere can be so narrow that a woman cannot find enough to occupy her time, and thoughts and must needs poke her nose into the affairs of others, but there can be no other reason for the lively curiosity and the real malice women in small towns display.

"There is no kindness in repeating ill-natured remarks to the victims. What we do not know cannot hurt us, you understand, but we have to be pretty hard natured to toss off without a prick of pain the ill-natured remarks repeated to us by some well-meaning, perhaps, but tactless friend. I do not want to know that anybody bears me malice, and I am not grateful to the blunderer who conveys me such knowledge.

"There are times when I almost approve the indifference of one's nearest neighbors in large cities, the families that ignore one's very existence. At least, they give the impression of so doing, and that is something for which to be grateful. They are not comfortable neighbors to have in time of need, but after a few experiences with the other kind I am not sure that it counts for much against the discomfort of backbiting and gossip. If the truth was adhered to the affliction would not be less, but where did you ever see a scandal-monger with the least bit of veneration for full facts?

"A great many women enjoy a bit of gossip better than the latest books or the newspapers, and few can keep any such news to themselves. I once tracked a piece of scandal to its source and found that to be a most harmless incident related by an old woman who happened to be an eye-witness. The story passed into the possession of fifteen persons and not only gained a trifle from each, but was so twisted at the time it was nailed that the old lady denied having anything to do with it."

"The suspicious person can find plenty upon which to feed the imagination. She may not always be as fortunate as one woman I know, who sharply censured the conduct of another woman she saw at a place of amusement with a man whom she did not recognize as the husband. Before the story had time to spread she discovered the man to be a brother from the West and was fair enough to say so to those who knew of the incident. That and another episode in which she figured as principal entirely cured her of gossiping. She had a married brother whose wife was unreasonably jealous. During one of her absences the woman took her

brother to the theatre on tickets which reached her during one of his visits. There was somebody to report to the wife the fact that her husband had been enjoying himself in feminine society in public places during her absence and the pair nearly landed in the divorce court.

"There ought to be a law to stop slander. I am not so sure that it would not now respond to a proper appeal. It surely would reap a harvest of culprits if it set out to stop the wagging of tongues in places where women congregate. A very small part of the wagging is innocent and harmless, for reputations are picked to pieces without a quiver of conscience, and they are hard things to repair. It is well for us that we know nothing of the things malice says of us, for knowledge would make us too unhappy to make any efforts to refute them. I never knew but one member of my sex who was persistent enough to run every insinuation to earth and make discomfited persons eat their words. There came a time when women were actually afraid to speak of her, save in complimentary terms, so many of them had been forced to face stories they had told without proof. A few more like her might work a reform."

In some parts of this country there formerly existed a system that is said to have curbed gossip very effectually. It was called the code duello, and if a female member of Brown's family said anything objectionable about a female member of Smith's family there followed a meeting with swords or pistols, and either Smith or Brown was wounded or killed. If a married lady said anything scandalous about another lady, in those days, it was fair to assume that she either wished her husband removed to another world, or his valor tested. In this highly enlightened age, however, it is a comparatively safe thing to blast the reputation of maid, matron or man.

## AMUSEMENTS

FINISHED THEIR ENGAGEMENT.

Manhattan Theatre Company Please Good Audience.

The Manhattan Theatre Company finished their three-nights' engagement at the New Baird last night, when they presented the stirring play entitled the "Kluxmen" to a good audience. The play is a portrayal of scenes enacted in the South during reconstruction times, which brought about the organization of bands throughout the South known as the "Klux." The different parts were well performed by the actors, each one being entitled to credit, but The Sun cannot refrain from making personal mention of that charming little actress, Ella Kramer, who took the part of "Kate Desmond." Bessie Kingdon as "Mona Varney," Eva Gordon as "Liza," Earl Higdon as "Lige," Gordon Hamilton as "Frank Kenton," Al Massey as "Sampson Clay," Willard Baley as "Col. Calhoun," Jackson Parsons as "Luke Barton," were all good, but Miss Kramer was the star, and the pleasing manner in which she went through the performance was especially creditable to her. She is a lady of prepossessing appearance on the stage, and will always receive a hearty welcome in Gainesville, as will all other members of the company.

The Manhattans deserve the patronage of the amusement-loving public, and The Sun bespeaks for them a liberal patronage wherever they go.

## "THE SERVANT IN THE HOUSE."

This Great Play Comes to Baird Theatre Next Thursday Night.

In every audience that witnesses "The Servant In the House" are to be found keenly intellectual men and women who grasp all the author's subtle meaning in lines written with a double significance. For "The Servant In the House" really tells two stories—a surface story and symbol story. The majority of people in every audience ignore the symbolism and find sufficient material to interest them in the external story. During a second or third hearing of the play, however, the internal story unfolds itself, and one is able to trace the

## FOR CONSTIPATION

A Medicine That Does Not Cost Anything Unless It Gives Satisfactory Relief.

If you suffer from constipation in any form whatever, acute or chronic, we will guarantee to supply you medicine that we honestly believe will effect permanent relief if taken with regularity and according to directions for a reasonable length of time. Should the medicine fail to benefit you to your entire satisfaction we promise that it shall cost you nothing.

No other remedy can be compared with Rexall Orderlies for the easy, pleasant and successful treatment of constipation. The active medicinal ingredient of this remedy, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other valuable ingredients, it forms a preparation which is incomparable as a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy, and are notable for their gentle and agreeable action. They do not cause griping or any disagreeable effect or inconvenience, and may be taken at any time, day or night.

We particularly recommend Rexall Orderlies for children and for delicate or aged persons, because they do not contain anything injurious. Unlike other preparations, they do not create a habit, but instead they overcome the habit acquired through the use of ordinary laxatives, cathartics, and harsh physic, and remove the causes of constipation or irregular bowel action that are not of surgical variety.

We want you to try Rexall Orderlies at our risk. We know of nothing that will do you so much good.

They are prepared in tablet form in two sizes: 36 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Gainesville only at our store—The Rexall Store, J. W. McCollum & Co., corner East Main and Union streets.

many beautiful symbols that give Charles Rann Kennedy's drama a double charm.

Not the least evidence of skill in the construction of the play is Mr. Kennedy's careful development of the internal and external stories. The symbol is constantly being harped upon and suggested, yet it is made a part of the text of the surface story. The author has incorporated into his drama a greater amount of symbolism than is to be found in any Ibsen play, yet his stage story grips even those to whom symbolism is a strange and incomprehensible word. Those who even fail to realize that Manson is indeed the Son of Man are deeply and genuinely affected by the pathos and tragedy of the human interest story in "The Servant in the House," moved to hearty laughter by its clean-cut comedy; impressed by its beautiful tableaux and stirred by its many eloquent speeches.

Although this is the first appearance of the play in this city, its reputation has preceded it. Critics in both the East and West have hailed it as a wonderful work of art and a fascinating stage story. One of Chicago's critics calls it the most beautiful play of all ages and the most conservative magazine in America declares it is the best play written since the days of Shakespeare. Unlike most plays that strongly appeal to intellectual audiences, it is a simply told story; a modern comedy in the best sense of the word, with a well-defined vein of pathos. It differs from the conventional plays of the day, because it follows the Greek form of construction—having but one scene and a continuous narrative. The action takes place during one morning, and the time of the play is the time of the story. Between the second and third, and the fourth and fifth acts, there is no intermission. The curtain falls on the climax and rises immediately for the next scene. This great play comes to the Baird Theatre next Thursday night, November 18th.

## RESOLUTIONS OF RESPECT

Adopted by Woman's Guild of Holy Trinity Episcopal Church.

Whereas, Our Heavenly Father, in his inscrutable wisdom, has called to that rest that remaineth for the people of God, our well beloved brother and friend, N. D. Phillips; Therefore be it

Resolved by the Woman's Guild of Holy Trinity church, that while we join his family in humble submission to this dispensation of our God, and knowing the insufficiency of words to express our feelings of sympathy to you who are so sorely bereaved, still we can sincerely and tenderly remind you of his long and useful life as a consecrated Christian, a loving husband and affectionate father. As a physician his service was continuous, long and useful, decidedly marked for its activities, energy and wisdom. His was an exemplary life, and full of a loving and gentle personality, essentially his own, to his fellow-men; the noblest qualities of mind and practical good were his, and we have all been made better for his labors among us, for to know him was to trust and love him, and such were his graces that envy of him or his preferments never obtained.

Be it further Resolved, That we commend his family to the God of all Grace for that comfort and consolation which the world cannot give or take away.

Resolved further, That a copy of these resolutions be sent his family and inscribed in our records on a page dedicated to his memory, also a copy to The Daily Sun for publication.

Lovingly submitted,

## Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all woman's troubles, and I never forget to tell my friends what it has done for me." —Mrs. E. HANSON, 304 East Long St., Columbus, Ohio.

### Another Woman Helped.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter." —Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

gents' furnishings to select from get the habit and visit Burkhardt. The largest line in the State to select your wants from.

New and interesting subjects will be presented at the New Baird for Tuesday and Saturday nights. Only two nights of the show, so give it a packed house.

Kirschbaum clothing for gentlemen—clearly in a class by themselves, which is the best. You always have satisfaction when you buy one of these suits. J. Manasse.

Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all druggists.

Mrs. J. W. Tench has returned from Texas, where she has been for the past several weeks. She attended the National Convention of the U. D. C. and states that she had a most pleasant outing.

Remember that Tuesday and Saturday have been selected as the nights for the motion pictures for the coming week. Only the very best of reels secured, and they will please and entertain you.

Mrs. Dr. Adams of South Carolina, who has been here on a visit to her sister, Mrs. J. F. Bunch, left yesterday for Newberry, where she will visit her brother, Dr. Getzen, before returning to her home.

Note the change of advertisement of the Gainesville Motor Car Company, in which they tell of the record time of the "1910 E. M. F." They tell the story of the record by wire. If interested they invite an appointment.

Notwithstanding that they were arrested yesterday for throwing away goods from the second story of their building, Phifer Bros. announce that they will continue their Great Whirlwind Sale for the next ten days. See their ad.

J. R. Emerson has returned from Orange Park, where he has been doing contract road work for the past several months. He has finished all of the road building that was contracted for and says that that section now has some fine roadways.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all druggists.

S. H. Dempsey left yesterday for Asheville, N. C., for the purpose of accompanying his wife and daughter, Mrs. Manning, to their home in this city. For the past few months they have been in that section in hopes

that the change would prove beneficial to Mrs. Manning.

Sister Esther Carlotta of St. Augustine will arrive in the city on Monday at noon and will be the guest of Kirby Smith and J. J. Finley Chapters, U. D. C., while here. She will stop with Mesdames H. H. McCreary and J. M. Dell, where she will be pleased to receive her friends.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all druggists.

W. E. High, a pleasant commercial traveler from Richmond who is making his Florida headquarters at the Brown House, is again in the city. He is one of the most enthusiastic Gainesville admirers traveling out of this section and is forever heard singing the praises of the city.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all druggists.

The G. W. Hyde Company will have a feast of bargains for the ladies tomorrow and Tuesday. This is a rare opportunity to obtain seasonable goods at greatly reduced prices, and you should not fail to take advantage of it. Read their interesting announcement in today's paper. Bargains in every department.

A much-needed rain fell in Gainesville Friday afternoon and night. Visitors from the East End yesterday reported that the rain extended over a considerable portion of that section. The rainfall, however, was not near sufficient to moisten the earth to a depth required to insure successful tilling of the soil, and it is hoped that this is only the forerunner of more to follow.
